

## Deck The Halls... in Ghana West A

**Dear Supporter,**

**Angelhands of Northeast is kicking off it's international project. This month we are planning to ship 30 fifty-five gallon barrels of items to Ghana, West Africa. The items will arrive just prior to Christmas. Angelhands projects will be conducted throughout the upcoming year by our Ghanian partners. We need your support in order to complete our project! If you can donate financially great we have many needs prior to shipment. If you can volunteer time and helping hands we appreciate that as well because preparation is needed to ship eyeglasses, toys, clothing and books in stock.**

**Please contact us at 330-467-0154 or 216-372-0192 to make arrangements to volunteer or donate financially. Our items will be packed in a container that will be parked at the warehouse for shipment during the third or fourth week of November. Time is of the essence, we want to hear from you! This memo is only being sent to those people who have supported Angelhands in the past and those people who have expressed helping us in the future.**

**Christmas, help is on the way!**
