Established in 2001, Angelhands of Northeast Ohio's, mission is to lend temporary aide to those in need , while providing them with resources to help of a more permanent nature, "Lending a hand up, not a hand out". We collaborate and network with other agency's, individuals and compa- nies to accomplish that end.

We are no different than many charities experiencing financial difficulty during these harsh economic times. Funds raised through the event will be unrestricted and will be allocated where the need is greatest to bene- fit our programs, general operation, and the cost of this event.. Locally, our key project is to collect and distribute gently used and new clothing to needy families and individuals, free of charge. Clothing is distributed on Tuesday and Thursday by appointment.
